

FCO IT 1 HC A 000 000 | RATING

N. 1.0

Rating Certificate issued on first issue date June 1st 2023.

AAA High probability of fulfilling

FCO IT 1 HC Tokens, issued by Fondazione Cortina, are classified with AAA rating. The Issuer has a high probability of fulfilling the commitments declared.

FCO IT 1 HC Tokens are not speculative, they are nominative and personal and issued exclusively to the buyers of the registration services to the Fondazione Cortina Honour Club, as per Terms published on the same issuing platform accessible from the website www.fcohc.it/en.

The Issuer Fondazione Cortina, upon the release of FCO IT 1 HC Tokens declares that it intends to use the resources collected by the operation for institutional purposes, for the promotion and enhancement of the territory, with particular attention to sporting events and projects related to the inclusiveness and respect for nature, health and well-being.

The values of the resources collected by the Issuer shall be publicly disclosed with transparency and precision and made accessible on the same website as the issuing platform. The resources collected by the Issuer are conveyed to a single destination account. All uses are communicated with transparency and precision in a dedicated periodic report, publicly accessible from the Issue platform. The issuing process is high efficiency certifiable, allocating a percentage, equal to or greater than two-thirds of the resources, raised to the intended uses.

The digital processes of issuance and registration take place on a website dedicated exclusively to the service of the Issuer and data are recorded on a centralized, encrypted and protected ledger with high security standards. Digital emission and recording processes are sustainable, low consumption and CO2 production is fully compensated, purchasing carbon credit certificates.

The nature and purpose of the Issue as well as the characteristics of the Tokens offered, the numbers, the values of the collected resources and the uses of all the resources are certified by the Independent Arranger I&B - Marketing Network Milano Srl as consistent with the statements made publicly by the Issuer at the emission phase.
